

Gary Duc Vinh

Tutoring

## Education Sense!

Hello! My name is Gary Duc Vinh, I am a professional private tutor and I've been tutoring in the South Bay Area for 7 years. I wish to tutoring your child with special needs in learning only, such as ELD/ESL or disabilities such as ADHD, ADD, or Special Education. I will only take a client when he or she needs it introduced by a teacher or have given a business card of mine. If the grades are not doing well such as having "D's or F's" or they've given up in school. I want to show them that they're more life after High School! The students will only be introduced to me mostly by a teacher in the bay area of East San Jose. My task is that I am a multi-task as a tutor. I only check homework on a daily basis and only will take matter in my own hands if the child needs additional help. These will be my extra mile run. What I've done for most of my clients is meeting with teachers and getting a good understanding of what to work on every monthly for their report cards. I does this is because I want that student of mine to succeed in life. I've been working with students each day checking and correcting their homeworks on a daily basis such as their daily planners, Aeries.net, or schoolloop. My main focus is getting their homework turn in on a daily basis and how we can get their accomplishments completed. What I guarantee is all their homework will be graded and turn in. If they've trouble turning them in I will have them submitted to the teachers directly each day if required by the teachers qualifications as proof that they have done it here with me.

I will only take in a student if a teacher request for it. I do have the contact numbers or emails of teachers in most area of my district. I am living in California of East side San Jose. I work with students whom needs tutoring for a long term for tutoring and will only take in a student word by mouth. I know learning has been difficult and that's why my tutoring will go on the parent's income. I've never turn down a client and I am looking forward tutoring your child.

You will drop your child off at my place and pick them off at my place. After I have finished tutoring them. If they have to stay with me additional hours my extra homework will be given to them for extra practice. If they're waiting on you to pick them up. There will not be any TV or games at my place. I will only tutor your child. If they are hungry please pack them a lunch box. I will not provide your child lunches unless they forget their lunches or you as a parent forgot to pack lunches for them. Please have your child bring a book to wait for you to pick them up.

I will tutor up to two through three hours a day that's include Mondays through Fridays it's because it's the most busy day for students. I check all shorts of homework levels K-12. I have records on file when you check out my webpage. I tutor all curriculums and I will check their work every day. I have teachers accommodations to work with during our conference meeting for your child. What I required each three months for elementary schools is a photocopy of their report card and weekly book reviews for the signature AR reading sheet for public schools in East San Jose. I want a photocopy of the standardized test and I want your child's student planner at the end of the year is over.

A student planner is the child's note book in class taking homework assignments down on a daily basis. Sometimes, I do have clients coming in for breaks Winter, Spring, and Summer. I can reteach the old materials before they go on to the next grade.

For middle school students and high school students in East San Jose. I would need full access for their school website and a full print out of a copy of their report card. To keep up with their special needs and have your child bring in me notebooks on a daily subject if it was given to class.

**Limited offer over the summer break:**

My tutoring will be reduced to \$10/hr only for parents who can pay 4 hours per day from Monday-Friday. Please contact as soon as possible because the space will be filled up really quickly. The tutoring starts at 8am-12pm. Please fill out the registration forms before having your child receive tutoring. I will only accept up to 6 kids. Payment will be directly on paypal I will give you the link so you can pay me online. The payment will be weekly payment every Friday. Have a wonderful day, thank you.
